FIENDISH FATHER

Brutally Murders His Girl in Georgia.

Fatal Affray on the Road to Church.

Doings of the Defense in Jim Currie's Case.

Special to the Star.

COLUMBUS, Ga., June 17.—Peter Russell, colored, whose wife is dead, was arrested here yesterday charged with murdering his little seven-year-old daughter in a fit of passion. The child, whose name was Mary Ann Russell, was found on the floor with her neck broken, the upper prominent teeth broken loose, the upper lip cut, and bleeding from the nose and mouth.

FIRE AT MILTON, IND.

MILTON, Ind., June 17.—A destructive fire visited the village last night, consuming Miller & Rhine's flouring mills, the latter's residence and out buildings, and much other property. By great exertion the town was saved. Loss \$50,000. Insurance \$8,000.

BY THE MORPHINE ROUTE.

INDIANAPOLIS, June 17.—Ellen Armstrong, a woman living on South street, took a large dose of morphine about seven o'clock last evening, with suicidal intent. Physicians were summoned, and did all in their power to save her life, but she will die.

JIM CURRIE'S CASE.

MARSHALL, Tex., June 17.—In the Currie trial yesterday the defense introduced testimony to prove Currie out of his mind at the time of the killing. The burden of proof does not point to insanity, but confusion of intellect and incoherence. A telegram has been received from Miss Ellen Cummins, stating that she is en route, and would reach here to-day to testify on the part of the State.

The defense have made an apparent effort to discredit Barrymore by endeavoring to show undue intimacy between him and Miss Cummins, but this was objected to by District Attorney Spivy, and the objection was sustained by the Court. An unsuccessful attempt was also made to show that the witness had evinced undue zeal to have Currie convicted by trying to employ Roger A. Pryor, and other eminent counsel, to aid Col. Spivy in the prosecution, and that the theatrical fraternity had created a fund to be used in prosecuting Currie, on which the witness was empowered to draw for his own expenses, and assistant counsel fees.

TWO HAWKEYES DROWNED.

DAVENPORT, Ia., June 17.—George Sheets, while attempting to swim across the Iowa River yesterday near Iowa City, was seized with a cramp and drowned.

A German named Gristkrantz fell from a ferryboat near the same place and was also drowned.

GIRL KILLED BY CAR.

OMAHA, Neb., June 17.—A train on the Omaha & Southern Nebraska Railway yesterday afternoon ran over and killed the daughter of Wm. Haas, a farmer living near Fort Calhoun. The girl was about thirteen years of age, was herding cattle, and it is supposed had lain down and fallen asleep on the track.

FAILED TO PULL THE TRIGGER.

HOPKINSVILLE, June 17.—Adolph Weitzel, a butcher, attempted to commit suicide yesterday, but was prevented from doing so by Mr. John Mincks, who took his pistol from him just as he was about to pull the trigger.

BLEW OUT HIS EYEBRIGHT.

SUMMITTOWN, IND., June 17.—James Bridget and William Chestnut renewed an old feud in a pool-room here yesterday. Bridget approached Chestnut with the intention of striking him, whereupon Chestnut whipped out a revolver and fired twice at Bridget. The last shot probably ruined Bridget's eyesight forever.

AN IMPROMPTU ARKANSAS DUEL.

LITTLE ROCK, June 17.—An impromptu duel took place between Judge W. P. Stephens, candidate for State Senate, and Mr. Detweiler, at Toledo, this State, yesterday. The Judge's pistol failed to do its duty, and his adversary shot him in the shoulder-blade, inflicting a serious wound.

KILLED ON HIS WAY TO CHURCH.

DECATUR, Ala., June 17.—A terrible murder was committed last evening at Cross Keys, Macon County, Ala. Charles Taylor was killed by Sol. Leonard striking him over the head with a club while on their way to church. A dusky female was the cause of the trouble. Both parties were negroes.

CHLORAL AND COLD WATER.

ATLANTA, June 17.—John J. Granley, of Early County, committed suicide by taking chloral. No cause is assigned for the rash act.

A youth named Griffin Robinson was drowned while in bathing at Columbus (Ga.) factory. He was aged seventeen and the only son of a widow.

FATAL RUNAWAY AT CLEVELAND.

CLEVELAND, O., June 17.—A horse drawing a carriage containing three ladies, a boy and a negro driver ran away down a steep stone-paved hill here this morning.

The boy, Benny Nyce, Mrs. Nyce and Mrs. Dr. Cutter all jumped out.

Benny was badly cut about the head, and will probably live. Mrs. Cutter was badly bruised about the head and body, also hurt internally, and may die. Mrs. Nyce had both legs broken, skull fractured in several places, and died in an hour.

GLINTS FROM GOTHAM.

Meanness, Meanderings and Monkey-shines of the Metropolitans.

Special to the Star.

New York, June 17.—Chief Operator Drummond, of the United States Secret Service, has received notice from Washington of the appearance of a new and very dangerous counterfeit one-hundred-dollar note on the National Exchange Bank of Baltimore, Md.

A JUSTICE OF THE PEACE SENT UP.

John G. Schindler, a Justice of the Peace, residing at Youngsville, Sullivan County, N. Y., was sentenced yesterday by Judge Benedict to confinement at hard labor for two years in the Albany Penitentiary, and to pay a fine of \$500 for swindling an old woman.

FROM OVER THE SEA.

Mrs. Olive Logan Sikes, M. de Pressente and Mrs. Isaac Chapman Bates are among the passengers who arrived last night in the steamer Canada from Havre. Baron R. sen arrived in the Hamburg steamer Wieland.

LE DUC AND HIS WORKS.

Commissioner Le Duc, of the Bureau of Agriculture, has finished his examination of the districts in Queens and Suffolk Counties, L. I., that were infected by the army worm. A second and more damaging incursion of the worms is feared. Their presence is attributed to the mild winter and warm, dry spring.

NAN THE NEWSBOY.

New York, June 17.—Nan the Newsboy appeared in his police uniform for the first time last evening. He did patrol duty in the Fourth Ward, and attracted much attention.

THE STEWART CASTLE.

Mr. Wm. Libby, the surviving senior partner of the house of A. T. Stewart & Co., is to occupy the castle of Mrs. A. T. Stewart at Fort Washington this summer. The thorough and extensive repairs and refurnishing of the castle which have been in progress for some time are rapidly approaching completion.

THE TAMMANY TRAIN.

John Kell, Augustus Schell, John J. Mooney, Orlando Potter, Major Quincy and Judge Clancy, all Tammanyites, left in the private coach Stella, and a number of the friends of Judge Field left in the Wagner coach Madison for Cincinnati over the New York Central to-day. Both coaches are attached to the same train.

DIED FROM YELLOW FEVER.

National Associated Press to the Star. New York, June 17.—A Mr. Stroebble, cabin passenger by the steamer Colone from the isthmus, died from yellow fever at quarantine yesterday. Owen MacLean, steamer passenger from Aspinwall, also died from the same disease and was buried at sea.

ANOTHER BATCH OF MORMONS.

Nearly three thousand emigrants landed at Castle Garden during the past twenty-four hours. Among them are three hundred and thirty Mormons, accompanied by eleven nuns, bound for Utah.

INDIAN STUDENTS' VACATION.

Twenty-five Indian students from Hampton Institute, Va., are now in this city on their way to Berkshire County, Mass., where they are to spend the summer.

Surrender of the Sioux.

National Associated Press to the Star. WASHINGTON, June 17.—The following telegram was received at the War Office this morning:

"CHICAGO, ILL., June 16, 1880. "Adjutant General, Washington, D. C.: "General Terry telegraphs that 515 hostile Sioux have come to Fort Keogh, and have surrendered on the prescribed terms, giving up their arms and ponies, and they report that 500 lodges are on their way. [Signed] "WM. D. WHIPPLE. "A. A. G."

The surrender of these Indians has been accepted by a direct order of the President, and on the same terms offered to Sitting Bull by the Special Commissioner sent out in the fall of 1877.

LONDON, June 17.—The Prince of Wales presided to-day at the opening of the harbor at Holyhead, Wales.

DELEGATE DOINGS.

Porter Nominated For Governor of Indiana.

Proceedings of the Prohibitionists at Cleveland.

Kentucky Democrats in Convention at Lexington.

Special to the Star.

LEXINGTON, Ky., June 17.—All the delegates to the Democratic State Convention have arrived. The Convention meets promptly at 12 o'clock, noon, at the Opera House and will be called to order by J. Stoddard Johnson, Chairman of the State Democratic Committee. Although it is thought that the delegates will go to Cincinnati uninstructed, there is a lively contest between the Tilden and anti-Tilden factions. The anti-Tilden men are fighting hard for the supremacy.

THE INDIANA REPUBLICANS.

INDIANAPOLIS, June 17.—Considerable interest is manifested in the result of the Convention to-day. Straight's friends are doing everything in their power to facilitate matters in his favor.

MASS MEETINGS OF DELEGATES WERE HELD ALL OVER THE CITY LAST NIGHT.

Maj. J. D. Simpson, of the Madison Star, and who has considerable record as a shootist, met with a rebuff at the Grand Hotel here yesterday, a country delegate slapping his face and pounding him up pretty severely for giving the lie as to Colonel Straight's cowardice during the war.

INDIANAPOLIS, June 17.—The Republican State Convention convened this morning in this city. The wigwag was literally jammed and a large crowd outside unable to get in.

The Convention was called to order by John C. New, Chairman of the State Central Committee, after which Congressman Calkins was selected for permanent Chairman, and John W. Roy for Secretary.

The names of General A. D. Straight, Hon. W. R. McKee, Hon. Albert G. Porter were presented for the nomination of Governor. The contest was quite lively, the first ballot resulting: Straight 457, Porter 216, McKee 149, scattering 211. Total votes cast 1,034. Necessary for a choice 518.

On the second ballot it was a set determination to beat Straight, and the opposing votes fell to Porter, who was nominated on the third ballot by 635.

Hon. Thomas Hanna received the nomination for Lieutenant Governor.

NATIONAL PROHIBITIONISTS.

CLEVELAND, Ohio, June 17.—The National Prohibition Convention met at 11 o'clock this morning. Delegations from eleven States are present. After several prayers and hymns a temporary organization was effected, with H. A. Thompson, of Ohio, in the chair; Mrs. Mary O. Woodbridge, of Ohio, Secretary, and Mrs. M. Brown, of Pittsburg, Assistant Secretary.

Committees on Rules, permanent organization, platform and credentials are out. Judge Black, the prominent speaker of the Convention, said Garfield's nomination was the last that the Republican party would ever make. [Tremendous cheering.] The Prohibitionists scorn coalition with any other party except that of the Lord.

A wrangle arose in the Prohibition Convention over photographing the delegates, and much abuse of each other followed. It was finally decided that no pictures should be taken.

The permanent officers are: Chairman, A. A. Miner, Massachusetts; Secretary, George Irwin, Pennsylvania; Assistant Secretaries, Mrs. E. M. J. Cooley, Arkansas, and Mrs. E. J. Gordon, Massachusetts.

CONGRESSIONAL NOMINATIONS.

SOUTH BEND, Ind., June 17.—The Thirtieth Congressional District Democratic Convention yesterday nominated D. McDonald to contest the seat in Congress now occupied by Major Calkins, who will be renominated by the Republicans.

LOGANSPORT, IND., June 17.—The Democratic Convention yesterday nominated Hon. John N. Skinner for Congress. He is Mayor of Valparaiso, and already the nominee of the Greenbackers.

AN AMERICAN UNION VICTORY.

National Associated Press to the Star.

ATLANTA, June 17.—The Supreme Court of Georgia yesterday rendered its decision in the case of the Western Union Telegraph Company versus the American Union Telegraph Company upon the question of the right of the latter company to build telegraph lines upon the various railroads in Georgia, the Western Union claiming exclusive rights. The Court unanimously sustained the lower Court, and held the Western Union exclusive contracts void upon all the grounds upon which the American Union assailed them.

HAS HER LAMPS TRIMMED AND BURNING.

National Associated Press to the Star.

LOUISVILLE, Ky., June 17.—The Board of Health reorganized yesterday by electing Dr. Wm. H. Long President. The sanitary condition of the city is excellent, and no fears whatever are entertained of an epidemic here, even should the South be attacked, which is not now probable.

BROKE IN THE OIL COMPACT.

National Associated Press to the Star.

New York, June 17.—The formal announcement of the disruption of the compact for an established schedule of rates for oil transportation was made to-day. It was stated in the dispatches of the National Associated Press a week ago that the contract had been broken.

IT IS DEVELOPED TO-DAY THAT THIS ARRANGEMENT BETWEEN THE TIDE WATER PIPE LINE

Company and the carrying railroads was set aside on the 7th inst. This disruption was occasioned by the Erie Railway, which has been allowing a rebate of twenty-five per cent. The result of the disruption will be a general cutting of rates for oil transportation, and it is not unlikely that the old rate of eighteen and twenty cents per barrel will prevail instead of seventy-five or eighty cents, under the agreement just broken.

WASHINGTON.

THE TILDEN PROGRAMME.

WASHINGTON, June 17.—Charles Nordhoff telegraphs from here to the New York Herald that the plan of the Tilden managers in the Convention will be to hold their forces together, as the Grant forces were held together at Chicago, until the preference of the Convention is plainly indicated, and then name the candidate.

Many Democrats, members and others will leave here for Cincinnati to-night and to-morrow morning.

AS TO HARTRANFT'S APPOINTMENT.

The President has referred the question of Ex-Gov. Hartranft's appointment to the position of Collector of Customs of Philadelphia to the Attorney General for his opinion as to its propriety. A decision will not be rendered for some days.

CONFIRMED BY THE SENATE.

National Associated Press to the Star.

WASHINGTON, June 17.—The Senate, in Executive Session, to-day confirmed a large number of army promotions, including that of Colonel R. C. Drum to be Adjutant General of the Army. Also the following: J. B. Bowman, of Kentucky, Alfred B. Veacham, of the District of Columbia, George W. Mannypenny, of Ohio, and J. J. Russell, of Iowa, Commissioners to ratify the agreement with the Indians, and the following Postmasters: Alfred O. Long, at Ashland, O.; Katharine W. Hanson, at London, O.; Hugh B. Wilson, at Greenfield, Ind.

WHAT CONGRESS ACCOMPLISHED.

The number of bills introduced in the House of Representatives during the session just closed was 6,493 and of joint resolutions 333. In the Senate there were introduced nearly 2,000 bills and joint resolutions. The number of bills which have passed and become laws is 330. A great many of these were for private claims. No financial nor tariff legislation has been introduced, nor was there any general railroad legislation nor general bills relating to bounties and pensions except a bill for the relief of permanently disabled soldiers of the late war. Deduct the general Appropriation Bills and no general legislation of much consequence has been passed.

The House devoted two months to the consideration of the new rules, which have turned out to be an obstruction instead of an aid to legislation. The Senate accomplished much more than the lower branch, and their calendar is comparatively clear of important bills. The House calendar at the close of the session is a voluminous document of ninety pages. There are on it 300 bills in Committee of the Whole, in the State of the Union, 150 bills which do not involve appropriations on the House calendar, 18 House bills with Senate amendments and 90 bills from the Senate on their first and second reading. These bills will all be in order next session, but as the time is limited to three months, the prospect of many of them passing is not very great.

BERNEADE TO GARFIELD.

Gen. Garfield was serenaded last night at the Riggs House by the National Veteran Club and a local Republican organization of the city. There were at least four or five thousand persons present, and the street in front of the hotel was blocked up by the mass of human beings.

The windows of houses opposite and windows of the Riggs House were also well filled. Fireworks were sent up from the south wing of the Treasury Department. General J. O. P. Burnside, President of the Veteran Club, called the assembly to order at 8:30 p. m. and introduced Attorney General Devens as Chairman, who introduced General Garfield to the audience in a neat speech.

As Gen. Garfield stepped forward he was greeted with applause and cheers. After the applause had subsided Gen. Garfield delivered a brief address, closing by saying that he would not utter a word on the subject of general politics. He wished to say that a large proportion of the audience were his comrades in the late army of the Union, and as such he greeted them and thanked them with all his heart. Upon the conclusion of his speech Garfield was loudly cheered. Speeches were made by Robeson, of New Jersey; Williams, of Missouri; George A. Sheridan, of the District of Columbia; Henderson, of Illinois; McCook, of New York; Haskell, of Kansas; Shallen, of Pennsylvania; Senator Logan, and others.

Drawing Exhibition of Chickering Institute.

The mechanical and architectural drawings now on exhibition in Closson's window, No. 188 West Fourth street, have attracted marked attention during the past week. They are the work of scholars from twelve to seventeen years of age, quite a number of whom, we understand, never have received any instruction in drawing before this last school year, and none over three years. Some of them are highly finished, and well merit the attention bestowed upon them. Not only the scholars deserve praise for their work, but also the school, who has taken the pains of introducing, in a thorough and practical manner, a branch of education the value of which is now fully recognized.
